### Stronger Together

We are delighted to announce that the transaction process for DSV A/S to acquire UTi Worldwide Inc. is now a reality. The combination of DSV and UTi creates one of the world's strongest transport and logistic networks. Going forward more than 40,000 employees will be at work in more than 80 countries to support you. It is our priority to fully integrate the two businesses as soon as possible. We will execute this while we continue to meet your needs. We are committed to transparent and open communications as we move forward in this process and will notify you immediately if anything changes in this regard.

Although we are facing many changes in the coming year, our focus still centres on you our client and improving our service offerings across the board. In line with this we are implementing a number of initiatives in the coming months.

Firstly, in line with our focus, a strategic decision has been made to centralise operations out of UTi Polokwane and to close the Tzaneen and Louis Trichardt agent branches, effective from 31 January 2016. This will allow us to maximise operational efficiency and improve upon the current service levels to our valued clients in these areas.

The UTi Nelspruit branch will be moving into their new facility on the weekend of 13-14 February 2016 and will be officially moved in on the 15th of February 2016. There will be no disruption to service over that weekend. The new address is 1 White Water Road, Riverside Park, Nelspruit.

Our sales and operations teams are continually looking for ways to improve client experience and to add value into our clients supply chain. We believe our continued client and innovation focus will result in sustained, high quality service being delivered to our clients.

Yours sincerely

Greg Saffy
