## CONDITIONS OF CONTRACT

### 1 GENERAL.

All orders accepted and all tenders made by FESTO (PROPRIETARY) LIMITED ("the Company") are made and accepted upon the following terms and conditions. Any order given to the Company, or the acceptance of the Company's tender, shall be deemed to constitute an agreement to be bound by such terms and conditions. Any stipulation or condition contained in any of these conditions, or which in any way purports to qualify or negate any of them, shall not be applicable.

### 2. PERIOD FOR ACCEPTANCE OF TENDER

Any tender made by the Company may be withdrawn at any time before acceptance. If not accepted within one month from the date thereof, the tender shall be deemed to have been withdrawn.

### 3. DRAWINGS AND SPECIFICATIONS.

All the information contained in any specifications, drawing and catalogue (or which accompanies or forms part of any tender made by the Company), is subject to alteration at any time without prior notice and the Company will not be bound to comply exactly therewith. The Company shall not be liable for any inaccuracies in any drawings, specifications or other information supplied by the user, and the Company shall not be liable for any defects, accidents or happenings arising out of such faulty information.

### 4 PRICE VARIATION.

This tender is based on the freight, insurance, import duty, V A T and exchange rates ruling on the date of quotation, and in the event of any alteration thereto before delivery of the goods, any increase or decrease as the case may be, will be added to or subtracted from the contract price. A certificate by the Company's auditors as to the amount of any adjustment shall be final and binding.

### 5. TERMS OR PAYMENT.

Payment for any goods delivered by the Company shall be made by the Purchaser by the end of the month of delivery, or at the end of the month specified on the invoice, and at a rate of 1/12th of the invoice price per month. If at any time the Company reserves the right to cancel any outstanding order, the Purchaser shall be liable for the expenses incurred thereby.

### 6 RESERVATION OF OWNER'S R.P.P.

Notwithstanding delivery to the Purchaser, the goods shall remain the Company's sole property until payment in full therefor has been made by the Purchaser.

### 7 RISK

The risk of loss or damage to the goods shall pass to the Purchaser from the time when delivery has taken place in terms of the contract between the Company and the Purchaser, and the Company shall not be responsible for any loss or damage to the goods beyond the point of delivery.

### 8 DELIVERY

The period of time stated by the Company for delivery of goods ordered or tendered for is to be measured from the date the Company receives a written order to proceed together with all information necessary to enable the Company to put the work in hand and to deliver the goods. The Company will not be responsible or accountable for any delay occasioned by any cause outside its control, but shall be allowed a corresponding extension of time. In particular, but without limitation, the Company will not be responsible or accountable for any delay occasioned by strike, lock out, war, fire, ice, accident (wherever any of the said causes shall occur), defective material, or any failure on the part of any supplier to make delivery. Should the Company be prevented from delivering any goods especially manufactured by reason of any of the said causes, the Purchaser shall take goods as the Company is able to deliver and shall pay for the same at the agreed prices.

### 9 GOODS RETURN POLICY

Goods will only be accepted for credit under the following conditions:

- The goods have not been used, mounted, or tested in any way or form,
- The goods are in the original packaging, and were purchased less than three (3) months prior to return,
- Positive proof of purchase is provided,

A standard 15% of the purchase price will be levied on goods accepted for return as a handling fee, provided all 3 conditions are met. The said handling fee will be subject to a minimum charge of R150.00. Should the Company accept, at the Company's discretion, returns that do not comply to all 3 conditions, a handling fee of 70% will be levied. Non standard, or customer specific (configurable), Festo goods will only be accepted if above 3 conditions are met, and will be subject to a 70% handling fee. No buy-out items or incomplete rolls of tubing will be accepted for credit. Dealers may not return fittings and/or tubing for credit.

### 10 GUARANTEE OF PRODUCTS MANUFACTURED.

Subject to the conditions hereinafter contained, the Company guarantees all products that have been manufactured by itself for a period of 12 months from the date of delivery against any defect attributable to faulty material or workmanship. Should any defect develop within that period the Company will repair or (at its option) replace the defective product or the defective part at the Company's premises without charge provided that:

- The Purchaser shall have reported any defect to the Company immediately the defect manifested itself,
- The product was not subjected to abnormal use, or to use under abnormal conditions, or beyond its capacity as rated and recommended by the Company,
- The defect was not caused or contributed to by exposure to direct weather conditions or by operation in abnormal atmospheric conditions,
- No repairs or alterations to the product were carried out by the Purchaser or any third party, and
- The Purchaser has fulfilled its obligations under the contract.

The onus of showing that the conditions set out above have been complied with shall rest on the Purchaser. The Purchaser shall, at its own expense, return the defective product or part to the Company's premises. The Company shall have a reasonable period of time during which to effect the repairs (or at its option make the replacement), and the guarantee period stated above shall be extended by that time.

### 11 GUARANTEE OF PRODUCTS NOT MANUFACTURED:

The Company will use its best endeavours to pass to the Purchaser the benefit (with the corresponding liabilities) of any guarantee received by the Company from the supplier of goods not manufactured by the Company. Nothing herein contained shall impose upon the Company a greater liability than would be imposed by its own guarantee set out above, nor shall the Company have any obligation to enforce that guarantee.

#### LIABILITY:

The Company shall not be liable for any loss of, or damage to, or expenses of any kind caused directly or indirectly by the use of any goods sold or delivered by the Company, whether consequential or otherwise, arising out of or due to any negligence or default of the Company or its servants, agents, or subcontractors, by statute or otherwise, and whether or not the Company has been notified of such loss or damage or of such expenses. No warranty (express or implied) relating to the goods sold or delivered is expressly excluded.

### 13. ERECTION AND INSTALLATION.

Any erection or installation included in the tender, unless otherwise arranged, shall be performed by the Company on condition that the Purchaser provides suitable foundations and structures ready and free for use when required with satisfactory means of access to the site. If the Company is prevented from proceeding with the work by circumstances beyond its control, and the Company's workmen are required to be sent back to complete the work, a charge will be made by the Company to cover the additional expenses incurred. If the terms for erection and installation provide only for work by the Company's skilled men, all necessary and adequate unskilled labour and tackle shall be provided free of cost by the Purchaser as and when required, but such labour shall at all times be deemed to remain in the employ of the Purchaser and the Purchaser undertakes all liability in respect of claims made under the Workmen's Compensation Act. It is also the responsibility of the Purchaser to provide electricity and compressed air for the purpose of any erection or installation.

### 14. PATENTS:

The Purchaser shall have no claim of whatsoever nature against the Company arising out of or flowing from any damages suffered by the Purchaser as a result of any patent or trade mark relating to any of the goods sold being infringed, cancelled, breached or otherwise set aside or declared invalid.

### 15 RIGHT OF CANCELLATION

The Company shall have the right to cancel this contract by written notice to the Purchaser in the event that the Purchaser is placed under provisional or final liquidation, judicial management or sequestration or commits any act of insolvency as defined in the Insolvency Act or ceases to carry on business.

### 16 LEGAL CONSTRUCTION:

No alteration of any of the above conditions shall be binding on the Company unless agreed thereto by the Company in writing. These conditions and every contract in which they are incorporated, shall be governed by and construed in accordance with the laws of the Republic of South Africa.
